14:50 – 15:00	<b>Closing</b>

We give you the opportunity to test the conference system starting at 9:30 a.m. prior to the official opening. Please mute your microphones during the presentations in order to minimize any interruptions and to guarantee a smooth process. If you would like to raise a question or remark, please type it in the chat. We will collect these and then they will be read out and answered by the person presenting.

On the 17<sup>th</sup> of June of 2024, a summarized German-speaking conference will take place. Please contact us if you are interested. **The 46<sup>th</sup> English-speaking railML conference will take place in a hybrid format on the 5<sup>th</sup> of November of 2024 in Prague.** The development work in the subgroups is a constant, ongoing process. You can find more and updated information on our website [www.railML.org](http://www.railML.org).
