Subject: Re: swicthType "interlacedSwitch" in IL Posted by Jörg von Lingen on Tue, 29 Jan 2019 04:52:36 GMT View Forum Message <> Reply to Message

switchType in IL plus the possible value "interlacedSwitch" is deleted

## Regards, Jörg von Lingen - Interlocking Coordinator Christian Rahmig wrote on 28.01.2019 11:10: > Dear Jörg, > dear all, > Am 16.01.2019 um 12:21 schrieb Joerg von Lingen: >> [...] >> in the IL schema we have currently the possibility to mark a switch as type "interlacedSwitch" with relation to another >> switch because they both might have a dependency for interlocking operation. This particular type is currently not >> forseen in IS at all. Do we need this type? >> [...] > it seems that there is no need for the "interlaced switch" at the > moment. Thus, I recommend to skip this topic for railML 3.1. > Best regards
