Dear Larissa, dear all,

since there has been no reaction on the forum post, I assume that the topic of road side signals for level crossings is not required for railML 3.3 implementation. However, with Gitlab issues #515 [1] and #377 [2] we still have topics to enhance the level crossing model with...

[1] https://development.railml.org/railml/version3/-/issues/515
[2] https://development.railml.org/railml/version3/-/issues/377

Best regards
Christian
