Subject: Re: infrastructureVisualization in railML 2.2?
Posted by bob.janssen on Mon, 23 Sep 2013 13:01:11 GMT

Hello Again Thomas,
the presentation by Eurocontrol made it clear that they use GML for
geographical object description. This may be a way forward as GML has wide
following and is supported by many tools.
Did you ever give thought to that idea ?
Yours, Bob
